10 months, masc. dog, should not grow any bigger, quite squarley proportioned, lovely dripped shaped head, paralell planes, would like a slightly more defined stop, strong scissor bite, lovely dark oval shaped eye, very well set ears, carried still slightly light, would like more layback of shoulder, enough angulation of upperarm but a little short, enough fore chest for age, good spring of ribs, would like ribs and sternum carried further back, quite strong slightly sloping topline, tail well set, moderate ang. in rear, would love a broader thigh, lovely coat quality for age, harsh coat coming through on body, still soft on legs, quite balanced on the move, but would love a little more power to his action and he still needs to stabilize in front, tail well carried when moving, lovely temperament
