17 months, masculine square compact dog, that should absolutely not be any bigger. outstanding strong brick shaped head with paralell planes, strong scissorbite, beautiful dark eye but slightly rounded in shape, lovely earset and carriage, would like more layback of shoulder and a slightly longer upperarm, sufficient forechest for age, outstanding spring and depth of ribchest, short strong loin, solid slightly sloping topline, excellent height set and perfectly carried tail, well angulated rear, would like a slightly wider thigh, capable of sound movements, but would however like more reach in his front action, seems to be slightly uncomfortable walking on the carpet, does not show his full potential, outstanding coat quality and color, groomed to perfection, gives the most stunning schnauzer outline standing, sweet temperament
