Farve

16 months. Large medium strong dog. Very good pigmentation. Strong masculine well formed head with dark mask. Eyes could be a bit darker. Good neck. High withers. Almost straight back into short straight croup. Upperarm is long but should be more angled. Very good rear angulation. Very good underline. Stands almost correct in front. Going is ok. Coming the elbows and pasterns must be firmer. Moving he shows good gait with good reach and drive but the slighth twist in tail distracts.
