Fæðingardagur

Strong male. Correct lines. Strong masculine head. Doesn' need to be heavier in the skull. Well set and carried ears. A bit rounded eyes, good eye color. Good bite but the teeth in the underjaw should be in a more straight line. Exc. well muscled withers. Good forechest. Super upper arm. Enough layback of shoulder. Good bone, a bit weak in pasterns. Excellent ribcage with length and depth. Good breastbone. A bit curved topline. A bit short and falling in croup. Still good width in thigh. Moves with enough length in movement but I wish that it would show more power. A bit weak in hocks. Well presented.
