It's hard to believe that she is almost 16 months. She is very youthful and has a beautiful silhouette and ballance. A good length of head. Well set ears. A bit rounded eyes. Still quite good expression. Lovely neck. Excellent withers. Very promising front assembly. Excellent upperarm. Super bone and feet. Beautiful pasterns. Very promising topline with muscles. Excellent croup. Lovely size. Correct hocks. She has beautiful side movements with excellent reach and drive. Excellent parallel movement. I predict her to be a big star in the future, all the best.
