7 years. very happy and outgoing. feminine, excellent type and proportion. stong feminine head with excellent skull and muzzle. excellent strong neck. well laid shoulders. good upperarm. enough rear angulation. very nice barrelshaped chest. deep and broad throughout. short coupled and broad over loin. moves well coming but is hocking out in her rear movements making her lose her balance in her movements from time to time. she moves well when she hits the rythm. I would like her more sound in her rear and therefore the prize of very good, but besides that she is a lovely type.
