Moves around with a bit of style. Good reach. Pretty racey. Her bones are good. Feet ok. Darker eye but a little round. She is short in fore face. Earset is good, length is good, Wee bit too much dewlap, Bit thick through back skull. Quite wide in front. Shoulders are very good. Has some upper arm. Really good spring of ribs and really good length of ribs. Very short loin. Good length of croup but bit steep. Nicely muscled. A bit level in topline. Needs more bend of stifle and she is a bit long in rear pastern. Lacks drive moving away, ok. coming towards. Good enough reach, just lacks a bit in head carriage. Level topline.
