Pleasant type. Good topline. Mod in hindquarters but I'd like a little more width in the thighs. Would like just a shade more in depth. Really nice shoulders. Good in upper arm. Just needs a wee bit more fill. Just a bit too much dewlap and needs a wee bit more length of fore face. Very nice big ribcage, well sprung long ribs, short loin. A wee bit steep in croup. Would prefer darker eye, earset is good. Quite good going away and nice coming towards. Keeps a good topline on the move. Quite pleasant.
